COUNTY OF OXFORD EMERGENCY PLAN

FORWARD

This plan has been formulated to assign responsibilities and to guide the immediate actions of key officials in Oxford County after the onset of an emergency.

For this plan to be effective, it is essential that all concerned be made aware of its provisions and that every official and department be prepared to carry out their assigned functions and responsibilities in an emergency.

Regular exercises will be staged to ensure the arrangements embodied in this plan are kept current and that all are kept familiar with its provisions. Department heads should likewise review and keep up to date their own procedures and arrangements for responding to emergencies.

COUNTY OF OXFORD EMERGENCY PLAN**PART I - EXECUTIVE SUMMARY****1.1 INTRODUCTION**

This Plan has been prepared in order to provide key officials, agencies and departments within the County of Oxford with a guideline to the expected initial response to an emergency, and an overview of their responsibilities during an emergency.

For this Plan to be effective, it is important that all concerned be made aware of its provisions, and that every official, agency and department be prepared to carry out their assigned functions and responsibilities in the event an emergency. The following paragraphs provide an overview of the background and some of the highlights of this Plan.

1.2 LEGISLATION

Legislation entitled the Emergency Management and Civil Protection Act is the primary authority enabling municipalities to develop their own emergency plan.

Section 4(1) of the Emergency Management and Civil Protection Act states that:

The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area.

Section 5 of the Emergency Management and Civil Protection Act entitled “Conformity with upper-tier plan” states that:

The emergency plan of a lower-tier municipality in an upper-tier municipality, excluding a county, shall conform to the emergency plan of the upper-tier municipality and has no effect to the extent of any inconsistency and, for the purposes of this section, the Corporation of the County of Lambton shall be deemed to be an upper-tier municipality.

The County of Oxford is an upper-tier municipality. Under the Municipal Act, a “regional municipality” means an upper-tier municipality that was a regional or district municipality or the County of Oxford on December 31, 2002.

1.3 HIGHLIGHTS OF THE PLAN

There are eight Area Municipalities within the County of Oxford, each having the responsibility to make provisions for the extraordinary arrangements and measures that may have to be taken to safeguard property, and the health, safety and welfare of the residents of the Municipality when faced with a local emergency. This responsibility will be met by the development and maintenance of Municipal Emergency Plans.

The initial response to a disaster or emergency in the County of Oxford will be the responsibility of the Municipality directly affected. The Municipality will continue to be responsible for the conduct of the emergency operations unless:

- a. the emergency is not a local emergency and the County Emergency Control Group assumes control of the emergency site operations; or
- b. the Mayor of the Municipality requests that the County assume control of the emergency site operations.

The County Emergency Plan is designed to meet the following contingencies:

- a. provide guidelines for the provision of support to a Municipality without assembling the County Emergency Control Group;

- b. provide for the assembly of the County Emergency Control Group to respond to local emergencies to:
 - (1) support the Municipality in the conduct of their emergency operations;
 - or
 - (2) on the request of the Mayor of the Municipality, assume control of the emergency site operations; and
- c. make provisions for the extraordinary arrangements and measures that may have to be taken to safeguard property and the health, safety and welfare of the residents of the County when faced with an emergency that is not local in nature.

The Mayor of the affected Municipality may request assistance from the County of Oxford by contacting the Warden. Assistance may then be provided without formally assembling the County Emergency Control Group.

When the resources of an Area Municipality become overextended, resulting in the inability to effectively control or support the emergency, the Mayor will request that a member of the County Emergency Control Group activate the County Emergency Alerting System. The request to assemble the County Emergency Control Group will clearly indicate whether the County is being asked to assume control of the emergency or to provide support to the Municipality. The alerting of the County Emergency Control Group will be completed in accordance with Appendix I. Contact lists will be reviewed annually and revised as necessary.

The County Emergency Alerting System will be activated under the following conditions:

- (a) The Mayor or Acting Mayor of the affected Area Municipality may request of the County Warden that the County of Oxford Emergency Plan be activated;
- (b) When an emergency cannot be defined as a local emergency the County of Oxford Emergency Plan shall be implemented;
- (c) When County of Oxford facilities are threatened the County of Oxford Emergency Plan may be activated;
- (d) At the discretion of the County Warden when an extraordinary demand is placed on County resources; and

- (e) When a widespread, far-reaching incident is encountered such as an epidemic, an environmental accident or a falling satellite.

The Mayor or Acting Mayor of the affected Area Municipality will then become a member, or appoint a member of Council to represent the Municipality as a member of the County Emergency Control Group. All decisions made by the County Emergency Control Group with respect to the lives and property of the affected Area Municipality will be made in consultation with the Mayor or Acting Mayor of the affected Area Municipality.

The Mayor of an affected Area Municipality will maintain his or her authority over the employees of the Municipality and, if considered appropriate, may continue to operate a Municipal Emergency Control Group to coordinate activities such as those required to support the residents of the Municipality whose lives have been impacted by the emergency.

Resources within the County of Oxford may not allow for representatives from each emergency and support service or agency to take part on every Municipal Emergency Control Group as well as the County Emergency Control Group. Therefore, once the County Emergency Plan is implemented, it is important to form a County Emergency Control Group (CECG) which encompasses representatives from both the Municipal and County levels, as overall coordination and deployment of resources required to mitigate the effect(s) of the emergency will be the responsibility of the County Emergency Control Group in accordance with the Emergency Management and Civil Protection Act , R.S.O. 1990, chapter E.9.

However, it should be stressed that in any emergency, or threat of an emergency, members of the County Emergency Control Group or their alternates may be called together by the appropriate aforementioned authorities to make decisions or to be on standby without having to declare that a County emergency exists.

This emergency plan may be cited as the "COUNTY EMERGENCY PLAN".

COUNTY OF OXFORD EMERGENCY PLAN**PART II - LEGAL AUTHORITIES AND AIM****2.1 INTRODUCTION**

As per the Act, emergencies are defined as:

situations or impending situations that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or otherwise or other health risk, an accident or an act whether intentional or otherwise.

An emergency can be caused by the forces of nature, an accident, an international act or otherwise, that constitutes a danger of major proportions to life or property. Those most likely to occur within the County of Oxford include tornados, floods, hurricanes, blizzards, transportation accidents involving hazardous materials, rail or air crashes, toxic or flammable gas leaks, epidemics, electrical power outages, building or structural collapse, uncontrollable fires, explosions, break down and flow of essential services/supplies, or any combination thereof.

The coordination and deployment of resources such as St. John's Ambulance is an example of an emergency operation and is distinct from routine functions carried out by County and Municipal agencies, e.g., fire fighting, police activities, ambulance services, or road repair.

This emergency plan provides a general guideline for response to all types of emergencies. This plan also prescribes procedures and the manner in which some Municipal and County employees and other persons will respond to an emergency.

2.2 AUTHORITY

The Emergency Management and Civil Protection Act, R.S.O. 1990, chapter E.9, is the primary authority enabling passage of the by-law formulating this emergency plan which will govern the provision of necessary services during an emergency. This plan has been prepared under the authority vested in Oxford County Council by both the Emergency Management and Civil Protection Act and the Municipal Act. Important measures enabled under legislation and which form parts of this plan are:

- a. expenditure of monies associated with the formulation and implementation of the emergency plan;
- b. authorization for County employees to take appropriate action before a formal assembly of the County Emergency Control Group;
- c. specific procedures to be taken for safety and/or evacuation of persons in an emergency area;
- d. to designate other members of Council who may exercise powers and perform the duties of the Warden under the emergency plan during the absence or incapacity of the Warden;
- e. to establish committees and designate employees to be responsible for reviewing the emergency plan and to train employees in their functions and implementation of the emergency plan during an actual emergency;
- f. to obtain and distribute materials, equipment and supplies during an emergency; and
- g. such other matters as are considered necessary or advisable for the implementation of the emergency plan during an emergency.

2.3 AIM

The aim of the County of Oxford Emergency Plan is to outline a plan of action for the efficient deployment and coordination of the County of Oxford services, agencies and personnel to provide the earliest possible response in order to:

- a. protect and preserve life and property;
- b. assist the Area Municipalities as requested;
- c. minimize the effects of the emergency on the County of Oxford; and
- d. restore essential services.

COUNTY OF OXFORD EMERGENCY PLAN
PART III - ACTIVATION OF PLAN, ALERTING SYSTEM AND
OPERATIONS CENTRE

3.1 ACTIVATION OF EMERGENCY PLAN

This plan may be activated under the following conditions:

- a. At the threat of an impending Emergency and/or at the scene of an emergency, the first responders will assess the situation to determine if this is an event that exceeds the capability of the area municipality and may require extraordinary measures to contain, respond to, and recover from the situation.

The Chief of Police for the City of Woodstock, Inspector O.P.P., County Fire Coordinator, Manager of Emergency Services or any other member of the CECG or their alternate may request that the CECG assemble or be placed on Standby Alert in accordance with [Appendix 1](#).

- b. The Mayor or Acting Mayor of the affected Area Municipality may request of the County Warden that the County of Oxford Emergency Plan be activated and indicate whether or not the County is being asked to assume control of the emergency or to provide support to the Municipality;
- c. When an emergency cannot be defined as a local emergency;
- d. When County of Oxford facilities are threatened;
- e. At the discretion of the County Warden, when an extraordinary demand is placed on County resources; and
- f. When a widespread, far-reaching incident is encountered such as an epidemic, an environmental accident or a falling satellite.

3.2 COUNTY EMERGENCY ALERTING SYSTEM

The Woodstock Police Service Communications Centre is responsible for alerting the County Emergency Control Group and passing on information as required. At the request of a member of the CECG, Woodstock Police Service Staff Sergeant on duty will immediately notify the members that a Standby Alert has been issued, or that the CECG are to assemble at the CEOC or meet on the Emergency Conference Bridge.

When a member of the CECG receives a warning of a real or potential emergency, that member will immediately contact the Woodstock Police Service dispatch and direct them to initiate the notification of the CECG. The member initiating the call must identify who they are, provide pertinent details, e.g., time and place for the CECG to meet, and the particulars of the emergency.

The County Emergency Control Group will report to the Emergency Operations Centre that is selected by the County Emergency Control Group Member activating the Alerting System or may be requested to assemble on the Emergency Conference Bridge.

County Emergency Control Group Members are provided with an emergency alert notification wallet card and detailed instructions.

If deemed appropriate, on receipt of the emergency alert call, each member of the County Emergency Control Group will:

- a. Initiate their own internal notification procedures of their staff and volunteer organizations as required;
- b. Sign on to the Emergency Conference Bridge (refer to alert notification procedures (wallet card or Blackberry Contact CECG) or proceed as directed to the identified Emergency Operation Centre and be prepared to report to the Chair(s) of the County Emergency Control Group on the status of their organization and resources;
- c. Bring any required items, including a copy of the County Emergency Response Plan, extra clothing, phone lists, cell phone/Blackberry, laptop, photo ID, etc.;
- d. Evaluate the need and action as required for alerting community volunteer agencies as to possible involvement. The committing of such agencies to action must be done under the authority of the Chair of the County Emergency Control Group.

3.3 COUNTY EMERGENCY OPERATIONS CENTRE

The County Emergency Control Group will assemble at the designated centre and determine if that site is appropriate. If the site is not appropriate, the CECG will decide where future meetings are to take place. The decision regarding the location will be made in consultation with the lead agencies involved with the emergency, such as the police force, as appropriate.

Appendix 2 – EOC Activation Guidelines provides a detailed description for the set up and activation of the County of Oxford Emergency Operations Centre (EOC) during an emergency or disaster. The document addresses the facility, personnel, procedures and technical requirements for activating the EOC and for supporting emergency operations from that centre, or from an alternate facility, in a large-scale emergency situation. All EOC support personnel should be familiar with the contents of this document and be prepared to complete the responsibilities as assigned.

The primary Emergency Operation Centre will be the County Administration Building, 21 Reeve Street, Woodstock, ON (519)539-9800 1-800-755-0394.

<p style="text-align: center;">COUNTY OF OXFORD EMERGENCY PLAN</p> <p style="text-align: center;">PART IV - DECLARATION OF AN EMERGENCY</p>

4.1 ACTION PRIOR TO DECLARATION

When an emergency situation exists, but has not yet been declared to exist, municipal or county employees may take such action(s) under this emergency plan as may be necessary to protect the lives and property of the inhabitants of Oxford County. When such actions are undertaken, they shall be reported as soon as practicable to the CAO, who shall in turn advise the Warden and Members of County Council of the actions taken and the circumstances under which they were taken.

When the County feels that a situation which may escalate to a point at which an emergency may be declared, the Warden will contact Emergency Management Ontario in order that they and other Provincial Ministries can begin to provide advice and assistance very early during the event.

4.2 ASSESSMENT PROCESS

Prior to a decision to declare an emergency, the Warden, or in the Warden's absence, the Deputy Warden, as the Head of Council, in consultation with the County Emergency Control Group should assess the situation using the Checklist in Consideration of a Declaration of Emergency ([Appendix 4](#)). The factors affecting this decision could include:

- Response coordination required because of: significant number of people at risk, large widespread event, multiple emergency sites and multiple municipality's involved.
- Resource coordination required because of: limited municipal resources, significant need for outside resources, need to coordinate local resources.
- Declaration of Local Emergency or Provincial Emergency is made.

4.3 DECLARATION OF MUNICIPAL EMERGENCY

The Mayor or Acting Mayor is responsible for declaring that a Municipal emergency exists within the boundaries of that Area Municipality. This decision is made in consultation with other members of the Municipal Emergency Control Group. Upon such declaration, the Mayor or Acting Mayor notifies:

- a. the Warden (or alternate);
- b. the Solicitor General by contacting Emergency Management Ontario 24/7 at:

Emergency Management Ontario (Toronto)

Phone: 1-866-314-0472

Fax : (416) 314-0474

Should you have difficulty in contacting the PEOC then call the OPP General Headquarters at (705) 329-6950 and ask for assistance in contacting EMO.

- c. the Area Municipal Council;
- d. the public;
- e. neighbouring Municipal Officials, as required;
- f. Local Member of Provincial Parliament (MPP);
- g. Member of Parliament (MP); and
- h. Ministry of Municipal Affairs and Housing Ontario Disaster Relief Assistance Program (ODRAP).

The Mayor or Acting Mayor of the affected Area Municipality may request assistance from the County of Oxford by contacting the Warden without activating the County Emergency Plan.

When the resources of the Area Municipality become overextended resulting in the inability to effectively control or support the emergency, the Mayor or Acting Mayor of the affected municipality may request that any member of the County Emergency Control Group activate the County Emergency Alerting System, through the Communications Centre of the Woodstock Police Service.

Once the County Emergency Plan is implemented, the Mayor or Acting Mayor may act as a member of the County Emergency Control Group or delegate a member of

the Local Council to represent the Municipality as a member of the County Emergency Control Group.

The Municipal Emergency Control Group may continue to function at the local level to control the response to the emergency, or if the County Emergency Control Group has been asked to control the emergency, may function to support the residents of the Municipality whose lives have been impacted by the emergency.

All decisions by the County Emergency Control Group (as appropriate) affecting the lives and property of the inhabitants within the affected Area Municipality shall be made in consultation with the Mayor or Acting Mayor of the affected Area Municipality.

4.4 DECLARATION OF COUNTY EMERGENCY

The Warden, or in the Warden's absence, the Deputy Warden, as the Head of Council, in consultation with the County Emergency Control Group, is responsible for declaring an emergency to exist within the County of Oxford. Upon declaration of an emergency the Warden will notify the following persons:

- a. the Solicitor General by contacting Emergency Management Ontario 24/7 at:

Emergency Management Ontario (Toronto)

Phone: 1-866-314-0472

Fax :..... (416) 314-0474

Should you have difficulty in contacting the PEOC then call the OPP General Headquarters at (705) 329-6950 and ask for assistance in contacting EMO.

- b. the Mayor or Acting Mayor of affected Area Municipality;
- c. Members of County Council;
- d. the Area Municipal Councils;
- e. the public;
- f. neighbouring Municipal Officials, as required;
- g. Local Member of Provincial Parliament (MPP);
- h. Local Member of Parliament (MP); and
- i. Ministry of Municipal Affairs and Housing (ODRAP).

When the Warden, or in the Warden's absence, the Deputy Warden, as the Head of Council, in consultation with the County Emergency Control Group, declares an emergency, the Declaration of Emergency form ([Appendix 5](#)) will be signed and forwarded to Emergency Management Ontario Duty Officer at **(416)314-0474**.

When the combined resources of the County of Oxford and the Area Municipalities are deemed insufficient to deal with the emergency, the County Warden may submit a request to the Province of Ontario for assistance or to assume responsibility for control and direction of the emergency. This request is to be made to the Ministry of Community Safety and Correctional Services by calling Emergency Management Ontario:

Emergency Management Ontario available 24 hours a day, 7 days a week at 1-866-314-0472 or fax 1-416-314-6220.

Should you have difficulty in contacting the PEOC then call the OPP General Headquarters at **(705) 329-6950** and ask for assistance in contacting EMO.

The Premier of Ontario or designated Minister may assume authority and control in accordance with Section 7 of the Emergency Management and Civil Protection Act.

COUNTY OF OXFORD EMERGENCY PLAN
PART V - TERMINATION OF AN EMERGENCY

5.1 TERMINATION OF A MUNICIPAL EMERGENCY

A Municipal Emergency may be declared terminated at any time by:

- a. the Mayor or Acting Mayor;
- b. Municipal Council; or
- c. the Premier of Ontario.

Upon termination of a Municipal Emergency, the Mayor or Acting Mayor will notify:

- a. the Warden or Deputy Warden;

- l. Mayor of affected Area Municipality or his or her delegated representative.

6.2 ADDITIONAL SUPPORT TO THE COUNTY EMERGENCY CONTROL GROUP

Additional personnel called or added to the County Emergency Control Group may include any other officials, experts or representatives, including those of an Area Municipality, deemed necessary by the County Emergency Control Group, such as:

- a. Assistant to the CEO;
- b. Human Resources;
- c. public or private utilities (gas, electrical, telephone, etc.);
- d. Red Cross, Salvation Army, St. John Ambulance, etc.;
- e. provincial ministries (i.e., Emergency Management Ontario, Ministry of Health and Long-Term Care, Ministry of the Environment, Ministry of Transportation);
- f. industry representatives such as chemical manufacturers;
- g. school boards;
- h. transportation companies;
- i. the chairperson of any subcommittee or support group which is established by the CECG;
- j. legal representatives; and
- k. financial representatives.

The County Emergency Control Group may function with only a limited number of persons depending upon the emergency. While the County Emergency Control Group may not require the presence of all the people listed, all members must be notified.

6.3 COUNTY EMERGENCY CONTROL GROUP RESPONSIBILITIES

The CECG will be responsible for:

- a. Determining if the location of the County Emergency Operations Centre and the composition of the CECG is appropriate;
- b. Ensuring that action is taken through the Municipal authorities to:

- (1) order, coordinate and oversee the evacuation of inhabitants considered to be in danger;
 - (2) begin to establish strategies, once assembled, to deal with the emergency even though no information may yet be available (i.e., establish communication links with agencies and Municipalities);
 - (3) coordinate and direct any actions necessary for the mitigation of the effects of the emergency, provided they are not contrary to law;
 - (4) discontinue utilities or services provided by public or private entities (i.e., hydro, water, gas, closing down a shopping plaza/mall);
 - (5) determine if additional volunteers are required and/or if appeals for volunteers are warranted; and
 - (6) determine if additional transport is required for evacuation or transportation of persons and/or supplies.

During an emergency, the Thames Valley District School Board and the London District Catholic School Board will perform the following responsibilities:

- a. provide any school (as appropriate and available) for use as an evacuation or reception centre as designated by the County Emergency Control Group;

- b. upon being contacted by the County Director of Human Services, provide a School Board representative(s) to coordinate and provide direction with respect to the maintenance, use and operation of the facilities being utilized as evacuation or reception centres; and
- c. in the event of an emergency during normal school hours the Principal(s) of the affected school(s), depending on the nature and scope of the emergency and until directed otherwise will:
 - (1) implement the school Stay-Put Emergency Plan; or
 - (2) implement the school Evacuation Plan.

7.11 HOSPITAL ADMINISTRATORS

Within the County of Oxford there are three (3) hospitals. They are:

- a. Woodstock Hospital, Woodstock;
- b. Alexandra Hospital, Ingersoll; and
- c. Tillsonburg District Memorial Hospital, Tillsonburg;

During an emergency, each Hospital Administrator will perform the following responsibilities:

- a. implement his or her respective Hospital Emergency Plan;
- b. liaise with the County Director of Public Health and Emergency Services and the Manager of Emergency Services with respect to hospital and medical matters, as required;
- c. evaluate requests for the provision of medical site teams/medical triage teams; and
- d. liaise with the Ministry of Health and Long-Term Care, as appropriate.

7.12 PATIENT CARE FACILITIES

Within the County of Oxford, there are a number of facilities that are responsible for a large number of patients. These facilities include Woodingford Lodge, Caressant Care, and other long-term care and retirement homes.

During an emergency, the administrator of each facility will perform the following responsibilities:

- a. implement their respective emergency plan;
- b. liaise with the Municipality with respect to the evacuation of patients into or out of the facility;
- c. liaise with the Director of Human Services with respect to requests for assistance from the County Emergency Control Group (re: additional equipment, resources or volunteers); and
- d. liaise with the Ministry of Community and Social Services and the Ministry of Health and Long-Term Care, as appropriate.

7.13 OTHER SUPPORT AND ADVISORY STAFF

The following staff may be required to provide support, logistics and advice to the County Emergency Control Group:

- a. Managers in county departments;
- b. representatives of business and industry;
- d. secretarial support; and/or
- c. telecommunications representatives.

COUNTY OF OXFORD EMERGENCY PLAN
PART VIII - POPULATION EVACUATION

8.1 POPULATION EVACUATION

It may be necessary in an emergency for the residents of an area to be temporarily evacuated for their own welfare and safety. When such an evacuation is deemed necessary, one or more emergency reception centres may need to be opened in a safe area. Schools in the County may be used as temporary reception centres in an emergency. Area Municipalities not directly affected by the disaster may be called upon to receive, and to assist with, accommodation for the homeless.

All evacuations will be conducted by the respective Municipality under the authority of the Municipal Police, the Ontario Provincial Police, or the Municipal Emergency Control Group.

Municipalities are encouraged to plan for the evacuation of a portion of their residents and to be prepared to open and operate reception and evacuation centres to support their residents.

<p style="text-align: center;">COUNTY OF OXFORD EMERGENCY PLAN</p> <p style="text-align: center;">PART IX - MEDIA AND PUBLIC INFORMATION</p>
--

9.1 INTRODUCTION

At any time this Plan is activated there will be the need to communicate appropriate and factual information to area residents, local area municipalities, strategic partner agencies and / or staff directly or through the media. This information may include issuing public / staff action directives, responding to requests for information from the public / staff / partner agencies, and providing information to the media.

Municipal Emergency Information

Each of Oxford County's eight local area municipalities has designated an Emergency Information Officer (EIO) to facilitate emergency information functions during municipal emergency operations.

County Emergency Information

The County has designated the Manager, Strategic Communication & Engagement as the Emergency Information Officer to facilitate emergency information functions during regional emergency operations.

The Manager, Strategic Communication & Engagement will liaise and coordinate communication activities with the Municipal EIO and other response agencies.

The County Director of Corporate Services will assume the role or designate the County Citizen Inquiry Supervisor.

The following CECG members are designated as media spokespersons during regional emergency operations:

- Warden or Deputy Warden
- CAO or alternate
- CECG Members (subject matter experts as required)

Depending on the scope of the emergency, there may be a need to establish two media information centres: one near the scene (the On-Site Media Information Centre), and the other near the County Emergency Operations Centre (CEOC Media Information Centre). In some cases, however, a joint media information centre would

be desirable. The County Citizen Inquiry work area should also be located at or near the CEOC Media Information Centre.

9.2 EMERGENCY INFORMATION OFFICER

The Emergency Information Officer for the County of Oxford will be the Manager, Strategic Communications & Engagement or designate. This person will report to the CECG and will perform the following responsibilities:

- a. activate the Emergency Information and Crisis Communications Plan;
- b. provide communications advice and obtain appropriate information to be disseminated to the public;
- c. ensure the prompt dissemination of accurate information to the news media and the public;
- d. organize and facilitate news conferences, as required;
- e. apprise the CECG of any significant information received from members of the public, the media, Community Emergency Management Co-ordinators (CEMCs) and other municipal Emergency Information Officers;
- f. establish a communication link with the on-scene Media Spokesperson and any other media coordinator(s), i.e. police, municipal, provincial, federal, private industry, etc., involved in the incident, ensuring that all information released to the media and public is timely, full, accurate and approved;
- g. co-ordinate visits of news media to the emergency site with the on-scene media coordinator;
- h. designate and coordinate a County Emergency Media Information Centre for members of the media to assemble for the issuance of accurate media releases and authoritative instructions to the public;
- i. establish a telephone number(s) for media inquiries and ensure that the following are advised accordingly:
 - (1) media;
 - (2) County Emergency Control Group;
 - (3) switchboards of all Municipal Emergency Services in area of emergency;
 - (4) On-Site Media Spokesperson;
 - (5) Police Public Relations Officer;

- (6) Municipal Emergency Information Officers;
 - (7) County and Municipal Citizen Inquiry Supervisor(s);
 - (8) 211; and
 - (9) any other appropriate persons agencies or businesses.
- j. monitor news coverage, and correcting any erroneous information and preparing appropriate responses;
 - k. arrange for information about the emergency to be posted to the Municipality's web-site as soon as it becomes available;
 - l. provide key messaging to the staff of the Citizen Inquiry Centre and 211, regarding information to be provided to the public and information being requested by the public;
 - m. maintain copies of media releases and newspaper articles pertaining to the emergency;
 - n. prepare and submit a final report containing an operational evaluation of the public information services provided during the emergency, as well as an analysis of media coverage, and recommending necessary adjustments to the plan;
 - o. ensure the alternate to this position is trained and aware of all responsibilities of this position; and
 - p. maintain a log of all personal action taken by this position.

9.3 ON-SITE MEDIA SPOKESPERSON

The Site Media Spokesperson is appointed by the Emergency Site Coordinator at the time of the emergency. This person is responsible for coordinating the fast accurate dissemination of information to the media from the Site Media Centre. The Spokesperson will also work closely with the Emergency Information Officer to ensure that information released to the media from the scene is consistent with information being released from the Media Information Centre.

The On-Site Media Spokesperson will perform the following responsibilities:

- a. respond to inquiries from the media pertaining to the scene only;

- b. in consultation with the Emergency Site Coordinator, establish and coordinate an On-Site Media Information Centre in a safe, appropriate location at or near the scene for the media to assemble;
- c. establish a communications link and liaise regularly with the County Emergency Information Officer at the County Emergency Operation Centre. It is extremely important to ensure that information released to the media from the On-Site Media Information Centre is consistent with that released by the County at the CEOC Media Information Centre;
- d. redirect all inquiries regarding decisions made by the County Emergency Control Group and the emergency as a whole to the County Emergency Information Officer at the County Emergency Operations Centre;
- e. advise the following persons and agencies of the location and telephone number(s) (as available) of the On-Site Media Information Centre:
 - (1) Emergency Site Coordinator;
 - (2) Police Public Relations Officer;
 - (3) Emergency services personnel at scene (where possible);
 - (4) Emergency Information Officer(s) (Municipal and/or County);
 - (5) Media; and
 - (6) any other appropriate personnel or agency;
- f. control and redirect media to the On-Site Media Information Centre; and
- g. where necessary and appropriate, coordinate media photography sessions at the scene.

9.4 COUNTY CITIZEN INQUIRY SUPERVISOR

The Citizen Inquiry Supervisor will be provided by the County Director of Corporate Services. The Citizen Inquiry Supervisor will perform the following responsibilities:

- a. establish a Citizen Inquiry Service, including the appointment of personnel and designation of Citizen Inquiry telephone lines. Where possible, the Citizen Inquiry

Service should be located at or near the County Emergency Media Information Centre;

- b. inform the County Emergency Information Officer, the effected emergency services, the CECG and the local municipal and County switchboards of the establishment of the Citizen Inquiry Service and the designated telephone number(s);
- c. liaise with the County Emergency Information Officer to obtain current information on the emergency;
- d. respond to and redirect inquiries and reports from the public based on information from the County Emergency Information Officer or as outlined in sections (e) and (f) below. (Such information may be related to school closings, access routes or the location of evacuation and reception centres.)
- e. respond to and redirect inquiries pertaining to the investigation of the emergency, deaths, injuries or matter of personnel involved with or affected by the emergency to the appropriate emergency service;
- f. respond to and redirect inquiries pertaining to persons who may be located in evacuation and reception centres to the registration and inquiry telephone number(s) at the appropriate Red Cross Branch Headquarters. This information should be obtained through the County Director of Social Services and Housing and/or the Red Cross Branch Emergency Services Chairperson at the local Red Cross Headquarters; and
- g. procure staff to assist, as required.

9.5 PUBLIC MEETINGS

The CECG may determine that a public meeting is necessary in order to provide information to the public and to allow the public to ask questions of any agencies involved with the emergency. The County Emergency Information Officer will be responsible for securing a facility to hold the meeting and making the necessary arrangements concerning seating, tables, video and audio equipment, etc.

The meeting will be chaired by the County Emergency Information Officer, who will be responsible for coordinating the information that will be distributed to the public and insure that all agencies involved have the opportunity to speak.

The number of agencies in attendance at the meeting will be determined by the CECG. Depending on the scope of the emergency, there could be representatives from every agency involved with the emergency at the public meeting to provide information and answer questions.

COUNTY OF OXFORD EMERGENCY PLAN
PART X - PROVINCIAL ASSISTANCE, FINANCIAL
COMPENSATION AND LIABILITY

10.1 PROVINCIAL ASSISTANCE

According to the County of Oxford Emergency Plan, under certain circumstances, the departments or agencies responding may be required to request assistance of ministries or agencies of the Province of Ontario. The requesting of said services shall not be deemed to be a request that the Government of the Province of Ontario assume authority and control of the emergency. The requesting of these services shall be done in a manner of normal day-to-day procedure by contacting the local Ministry contact.

All requests for Provincial assistance other than the normal day-to-day requests shall, if the emergency involves more than one municipality or if a County emergency has been declared, be directed to the County of Oxford so that this assistance can be coordinated and controlled. This assistance may be requested from the Province of Ontario at anytime without any loss of control or authority.

In addition, a staff member of Emergency Management Ontario can be dispatched immediately to assist the CECG.

Emergency Management Ontario can be reached 24 hours a day, 7 days a week at: **1-866-314-0472**

If a County Emergency is declared, notify the Ministry of the Solicitor General immediately at **1-866-314-0472**

10.2 FINANCIAL COMPENSATION AND LIABILITY

The liability of any member of County Council or a County Employee is outlined in Section 11 of the Emergency Management and Civil Protection Act.

Protection from personal liability;

11 (1) No action or other proceeding for damages lies or shall be instituted against a member of council, an employee of a municipality, a minister of the Crown or a Crown employee for doing any act or neglecting to do any act in good faith in the implementation or intended implementation of an emergency plan or in connection with an emergency. 2006, c. 13, s. 1 (6); 2006, c. 35, Sched. C, s. 32 (6).

However, the Municipality is not removed from liability as outlined in Section 11 of the Emergency Management and Civil Protection Act:

Municipality not relieved of liability

11 (3) Subsection (1) does not relieve a municipality of liability for the acts or omissions of a member of council or an employee of the municipality referred to in subsection (1), and the municipality is liable as if subsection (1) had not been enacted and, in the case of a member of council, as if the member were an employee of the municipality. 2006, c. 13, s. 1 (6).

The right of action by the County of Oxford against any person who caused the emergency is outlined in Section 12 of the Emergency Management and Civil Protection Act:

Right of action

12. Where money is expended or cost is incurred by a municipality or the Crown in the implementation of an emergency plan or in connection with an emergency, the municipality or the Crown, as the case may be, has a right of action against any person who caused the emergency for the recovery of such money or cost, and for the purposes of this section, "municipality" includes a local board of a municipality and a local services board. R.S.O. 1990, c. E.9, s. 12; 1999, c. 12, Sched. P, s. 8.

There are compensation programs existing in the Province of Ontario that provide compensation to Municipalities after any emergency. These programs are:

- a. The "Ontario Disaster Relief Assistance Program" is administered by the Ministry of Municipal Affairs and Housing. This program is not intended as a substitute for insurance coverage, but is intended to alleviate hardship suffered by homeowners, farmers and small businesses whose essential property has been damaged as a result of a natural disaster

- b. Municipalities which have been financially affected by “circumstances beyond the control of a municipal council and of an unusual or special nature” may apply for a grant or loan under the Ontario Unconditional Grants Act, which is administered by the Ministry of Municipal Affairs and Housing.
- c. Under certain circumstances, emergency financial relief is available through the federal government’s Disaster Financial Assistance Arrangements. Under the arrangements, the federal government provides, at the request of the province, financial assistance in accordance with a formula based on the size of the provincial population.

COUNTY OF OXFORD EMERGENCY PLAN
PART XI - EMERGENCY PLAN MAINTENANCE

11.1 TESTING OF THE PLAN

An annual exercise should be conducted in order to test the overall effectiveness of this emergency plan and provide training to the County Emergency Control Group as the members of this group will change periodically.

11.2 MAINTENANCE REVIEW AND REVISIONS

The County of Oxford Emergency Plan will be maintained and distributed by the County's Community Emergency Management Coordinator.

This plan will be reviewed annually and, where necessary revised by a meeting(s) of the County Emergency Control Group. Frequency of meetings and agenda items will be determined by the Community Emergency Management Coordinator.

Each time this plan is revised it must be forwarded to County Council for approval. However revisions to the appendices and minor administrative changes can be made without resubmitting the plan to County Council each time.

It is the responsibility of each person, agency, service or department named within this emergency plan to notify the Community Emergency Management Coordinator forthwith of any revisions to the appendices or administrative changes.

11.3 DUTIES OF INVOLVED AGENCIES

Each County Department and Agency involved with this emergency plan is expected to prepare functional emergency procedures or guidelines outlining how it will fulfill its responsibilities during an emergency.

Each County Department and Agency should ensure that it designates a member of its staff to maintain and revise its own emergency procedures or guidelines.

APPENDIX 4 – CHECKLIST IN CONSIDERATION OF A DECLARATION OF AN EMERGENCY

(Note: All references in this document refer to the *Emergency Management and Civil Protection Act*, R.S.O. 1990, Chapter E.9, as amended 2006)

** This checklist is for use by municipal heads of council considering the declaration of an emergency within their municipality. This checklist is not intended to provide any sort of legal advice – it is merely a reference tool.*

An emergency is defined under the *Emergency Management and Civil Protection Act* as “a situation, or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise” [Section 1, definition of an emergency].

Under the *Emergency Management and Civil Protection Act*, only the head of council of a municipality (or his or her designate) and the Lieutenant Governor in Council or the Premier have the authority to declare an emergency. The Premier, the head of council, as well as a municipal council, have the authority to terminate an emergency declaration [Sections 4 (1), (2), (4)].

An emergency declaration may extend to all, or any part of the geographical area under the jurisdiction of the municipality [Section 4 (1)].

If the decision is made to declare an emergency, the municipality must notify Emergency Management Ontario (on behalf of the Minister of Community Safety and Correctional Services) as soon as possible [Section 4 (3)]. Although a verbal declaration of emergency is permitted, all declarations should ultimately be made in writing to ensure proper documentation is maintained. Written declarations should be made on municipal letterhead, using the template provided by Emergency Management Ontario, and should be faxed to (416) 314-0474. When declaring an emergency, please notify the Provincial Emergency Operations Centre at 1-866-314-0472.

When considering whether to declare an emergency, a positive response to one or more of the following criteria **may** indicate that a situation, whether actual or anticipated, warrants the declaration of an emergency:

General and Government:

- Is the situation an extraordinary event requiring extraordinary measures?**
[Section 4 (1) permits a head of council to “take such action and make such orders as he or she considers necessary and are not contrary to law” during an emergency.]
- Does the situation pose a danger of major proportions to life or property?**
[Section 1, definition of an emergency]
- Does the situation pose a threat to the provision of essential services (e.g., energy, potable water, sewage treatment/containment, supply of goods or**

medical care)? [Some situations may require extraordinary measures be taken or expenditures be made to maintain or restore essential services. A declaration of emergency may allow a head of council to expend funds outside of his or her spending resolutions and/or the regular approval process of the municipality.]

- ❑ **Does the situation threaten social order and the ability to govern?** [Whether due to a loss of infrastructure or social unrest (e.g., a riot), a crisis situation has the potential to threaten a council's ability to govern. In such cases, extraordinary measures may need to be taken. Section 4 (1) provides for extraordinary measures, not contrary to law. Section 55 (1) of the *Police Services Act* provides for the creation of special policing arrangements during an emergency.]
- ❑ **Is the event attracting significant media and/or public interest?** [Experience demonstrates that the media and public often view the declaration of an emergency as a decisive action toward addressing a crisis. It must be made clear that an "emergency" is a legal declaration and does not indicate that the municipality has lost control. An emergency declaration provides an opportunity to highlight action being taken under your municipal emergency response plan.]
- ❑ **Has there been a declaration of emergency by another level of government?** [A declaration of emergency on the part of another level of government (e.g., lower-tier, upper-tier, provincial, federal) may indicate that you should declare an emergency within your municipality. For example, in the event of a widespread disaster affecting numerous lower-tier municipalities within a county, the county will likely need to enact its emergency response plan and should strongly consider the declaration of an emergency. In some cases, however, a declaration of emergency by a higher level of government may provide sufficient authorities to the lower-tier communities involved (e.g., municipalities operating under the authority of a provincial or federal declaration).]

Legal:

- ❑ **Might legal action be taken against municipal employees or councilors related to their actions during the current crisis?** [Section 11 (1) states that "no action or other proceeding lies or shall be instituted against a member of council, an employee of a municipality, an employee of a local services board, an employee of a district social services administration board, a minister of the Crown, a Crown employee or any other individual acting pursuant to this Act or an order made under this Act for any act done in good faith in the exercise or performance or the intended exercise or performance of any power or duty under this Act or an order under this Act or for neglect or default in the good faith exercise or performance of such a power or duty." Section 11 (3), however, states "subsection (1) does not relieve a municipality of liability for the acts or omissions of a member of council or an employee of the municipality...."]
- ❑ **Are volunteers assisting?** [The *Workplace Safety and Insurance Act* provides that persons who assist in connection with a declared emergency are considered "workers" under the Act and are eligible for benefits if they become injured or ill as a result of the assistance they are providing. This is in addition to workers already covered by the Act.]

Operational:

- ❑ **Does the situation require a response that exceeds, or threatens to exceed the capabilities of the municipality for either resources or deployment of personnel?** [Section 4 (1) permits the head of council to “take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan.” Section 13 (3) empowers a municipal council to “make an agreement with the council of any other municipality or with any person for the provision of any personnel, service, equipment or material during an emergency.”]
- ❑ **Does the situation create sufficient strain on the municipal response capability that areas within the municipality may be impacted by a lack of services, thereby further endangering life and property outside areas directly affected by the current crisis?** [Some situations may require the creation of special response agreements between the municipality and other jurisdictions, private industry, non-government organizations, etc. Section 13 (3) states that the “council of a municipality may make an agreement with the council of any other municipality or with any person for the provision of personnel, service, equipment or material during an emergency.”]
- ❑ **Is it a consideration that the municipal response may be of such duration that additional personnel and resources may be required to maintain the continuity of operations?** [In the event of a large-scale crisis, such as an epidemic or prolonged natural disaster, municipal resources may not be able to sustain an increased operational tempo for more than a few days. This is particularly true if emergency workers are injured or become ill as a result of the crisis. In such a case, the municipality may need to utilize outside emergency response personnel. Section 13 (3) provides for mutual assistance agreements between municipalities.]
- ❑ **Does, or might, the situation require provincial support or resources?** [Provincial response (e.g., air quality monitoring, scientific advice, airlift capabilities, material resources, etc.) may involve numerous ministries and personnel. Activation of the municipal emergency response plan, including the opening of the Emergency Operations Centre and meeting of the Community Control Group, can greatly facilitate multi-agency and multi-government response.]
- ❑ **Does, or might, the situation require assistance from the federal government (e.g., military equipment)?** [Section 13 (2) authorizes the Solicitor General, with the approval of the Lieutenant Governor in Council, to make agreements with the federal government. In Canada, federal emergency assistance is accessed through, and coordinated by, the province. The declaration of an emergency may assist a municipality in obtaining federal assistance.]
- ❑ **Does the situation involve a structural collapse?** [Structural collapses involving the entrapment of persons *may* require the deployment of one or more Heavy Urban Search and Rescue (HUSAR) teams. Ontario has a HUSAR team. This team is specially equipped and trained to rescue persons trapped as a result

of a structural collapse. Any municipality in the province can request a HUSAR deployment to a declared emergency. Requests for HUSAR resources should be made through your local mutual aid fire coordinator. Approval for the dispatch of the HUSAR team comes from the Commissioner of Emergency Management.]

- ❑ **Is the situation a large-scale or complex chemical, biological, radiological, or nuclear (CBRN) incident?** [Response to CBRN incidents requires specialized resources and training. Ontario is developing three CBRN teams to respond to incidents throughout the province. CBRN teams are only dispatched to declared emergencies. Requests for a CBRN deployment should be made through your local mutual aid fire coordinator. Approval for the dispatch of CBRN teams comes from the Commissioner of Emergency Management.]
- ❑ **Does the situation require, or have the potential to require the evacuation and/or shelter of people or animals [livestock] from your municipality?** [Evacuee and reception centres often use volunteers as staff. As noted above, the declaration of an emergency enacts certain parts of the *Workplace Insurance and Safety Act* related to volunteer workers. Secondly, an evacuation or sheltering of citizens has the potential to generate issues pertaining to liability. Section 11 of the *Emergency Management and Civil Protection Act* may provide municipal councilors and employees with certain protections against personal liability.]
- ❑ **Will your municipality be receiving evacuees from another community?** [The issues discussed in the previous bullet may apply equally to municipalities accepting evacuees.]

Economic and Financial:

- ❑ **Does the situation pose a large-scale disruption to routine patterns of transportation, or re-routing of large numbers of people and vehicles?** [The rerouting of people and vehicles poses a potential liability risk. Keeping persons from their homes and delaying commercial traffic are both sensitive issues. Section 11 of the Act may provide certain protection from liability. Section 4 (1) allows for extraordinary measures to be taken, providing they are not contrary to law.]
- ❑ **Is an event likely to have a long term negative impact on a community's economic viability/sustainability, including resulting unemployment, lack of available banking services and restorative measures necessary to re-establish commercial activity?** [The declaration of an emergency may facilitate the ability of the municipality to respond to economic losses.]
- ❑ **Is it possible that a specific person, corporation, or other party has caused the situation?** [Section 12 states that "where money is expended or cost is incurred by a municipality or the Crown in the implementation of an emergency plan or in connection with an emergency, the municipality or the Crown, as the case may be, has a right of action against any person who caused the emergency for the recovery of such money or cost...."]
